you your

Z

Spelling LISTS

Use this resource to support your children in checking their spellings with increasing independence.

This list has been alphabetised so that children can independently find the word they are looking for.

Suggested uses:

- Print one for each child and highlight the words they need to focus on using accurately. Once they are able to spell that word independently, highlight again with a different colour.
- Laminate the resource and provide one for each group as a resource children can reach for if they would like to use it.
- Send the list home with parents to use

FOUND THIS RESOURCE USEFUL? CHECK OUT OUR BUNDLE HERE.
